

RESOLUTION NO. 74456

A RESOLUTION OF THE COUNCIL OF THE CITY OF SAN JOSE TO PROCEED WITH THE DESIGN AND INSTALLATION OF RECYCLED WATER INFRASTRUCTURE AT THE NORMAN Y. MINETA SAN JOSE INTERNATIONAL AIRPORT

WHEREAS, the San Jose City Council ("Council") directed staff to investigate the possibility of providing recycled water to the Norman Y. Mineta San Jose International Airport ("Airport"), concurrent with the Terminal Area Improvement Program ("TAIP") currently underway; and

WHEREAS, the use of recycled water supports the Council's Green Vision, and the City has already made significant investments for the treatment and distribution of recycled water; and

WHEREAS, notwithstanding the possibility of doing other "green" projects, the current construction at the Airport represents a unique opportunity to install infrastructure for recycled water that would otherwise be prohibitive in the future because of costs or impacts to Airport operations;

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF SAN JOSE THAT:

The staff recommendation to proceed with the design and installation of recycled water infrastructure at the Norman Y. Mineta San Jose International Airport as the near-term preferred alternative is approved.

ADOPTED this 17th day of June, 2008, by the following vote:

AYES: CAMPOS, CHIRCO, CHU, CONSTANT, CORTESE,
LICCARDO, NGUYEN, OLIVERIO, PYLE, REED.

NOES: WILLIAMS.

ABSENT: NONE.

DISQUALIFIED: NONE.

CHUCK REED
Mayor
